One hour free CLE course on improving your online research skills with Westlaw, including tips on using the new tools available through Westlaw Edge.

Westlaw has long been an award-winning legal research system that gives you the proven power, accuracy, and built-in efficiency to help you quickly find exactly what you're looking for with cutting-edge search tools, editorial enhancements, and an unsurpassed collection of primary law and practice guidance that make it simple to find the law, analyze it, and apply it to your best advantage.

Now, with the introduction of Westlaw Edge, you have even more control over how you're going to streamline your workflow and deliver your legal research.

Thomson Reuters Westlaw Edge™ combines state-of-the-art, AI-powered technology and more than 100 years of attorney-editor annotations to deliver the next generation of legal search.

Tools like Quick Check, quotation and litigation analytics, Statutes Compare, KeyCite® Overruling Risk, and more, provide intelligent solutions to the problems legal researchers have experienced for years.

Agenda:

- Running better searches, including both plain language and Boolean searches
- Westlaw Edge Technology – WestSearch Plus and Quick Check
- Using the West KeyNumber system and KeyCite
- Content-specific resources
 - Statutes Compare
 - Folders

We look forward to you joining us.

*Note: This CLE is substantially the same as the May 12, 2020 course. Credit should be requested for attending only one session (not both).
